GLBB Japan Wins Grand Prize in Management & Monitoring Category at “Best of Show Award” during Interop Tokyo 2025

GLBB Japan Inc. (Head Office: Chatan, Okinawa / Tokyo Office: Minato-ku, Tokyo; CEO: Craig Watson, hereinafter referred to as “GLBB”), a provider of comprehensive network connectivity services for domestic and international clients, has been awarded the Grand Prize in the *Management & Monitoring* category of the **Best of Show Award** at **Interop Tokyo 2025**.

The event, held from June 11 to 13 at Makuhari Messe, is centered around the themes of AI, networking, and security, and recognizes groundbreaking innovations that drive the next generation of IT trends.

GS3 (GLBB Secure Smart Serial) Serial Console Server

The GS3 is a new product that provides secure and efficient remote serial console access, featuring costeffectiveness, a compact design and simplified operation. It enables out-of-band management of critical infrastructure while ensuring security through SSHv2, especially in the event of a network failure.
